

**COOPERATION, B.M.P. (BASIC MOVEMENT PATTERN)**

- 2 teams, 1 hoop behind every line containing 10 red balls.
- P1 sends a ball inside the target area. If he succeeds, he will take one ball inside the hoop behind his line. If he misses, he has to pick up the ball on the other side of the net and go back to the line. After his shot, P1 leaves the spot to P2.
- First team who empty the hoop containing 10 balls will win.
