

COOPERATION DISTANCE CONTROL (TIC-TAC-TOE)

- 2 teams, 1 team with red balls inside the hoop, another team with orange dot balls in the hoop.
- When hitting, the players always use only red balls.
- P1 sends a ball in the target area (distance control). If he succeeds, he takes a ball in the hoop just behind the line and puts it into the tic-tac-toe. If he misses, he has to pick up the ball on the other side of the net and go back to the line. After his shot, P1 leaves the spot to P2.
- First team who fills the tic-tac-toe.
