

THE LOB GAME (SINGLES)

- The teacher sends a ball to P1's forehand or backhand. P1 attempts to lob the ball over P3's head. Depending on the ball received, P3 executes either a volley or a smash and plays the point with P1. At the end of the point, P1 gives his spot to P2.
- The first player between P1 and P2 who scores 3 points will replace P3. P4, P5 and P6 will play the same game.
- If the players are able, they can feed the 1st ball themselves, i.e. the lob.
